

## Sheet Size

The Hand-woven bamboo sheets are 1mm sheets compressed together to form

**Bamboo Ply** the thickness you require.

Sheet sizes

- 1 ply 2440mm x 1220mm
- 2 ply 2440mm x 1220mm & 1800mm x 1200mm
- 3 ply 2440mm x 1220mm
- 5 ply 2440mm x 1220mm & 1800mm x 1200mm

## Easy To Use

**Bamboo Ply** can easily be fixed to timber or metal battens. It can also be fixed directly to masonry or brick walls by glue and pin method. The 1PLY thickness is recommended for direct application to particle board or craftwood.

- 1 PLY = Adhesive cover to flat surface
- 2 PLY = Fixing at 400-450 mm centres
- 3 PLY = Fixing at 600 mm centres
- 5 PLY = Fixing at 800-900 mm centres

Join sheets horizontally or vertically with beading of split cane, bamboo, timber or plastic strips. When using **Bamboo Ply** in conjunction with exposed beams, plan your job to cover the joins with the exposed beams. **Bamboo Ply** can be easily cut to size with normal power tools.

**Bamboo Ply** is very flexible, it can be easily formed and moulded to curved shapes.

## A Renewable Resource

**Bamboo Ply** is made from a 100% renewable resource, saving precious rainforest cabinet and hardwood timbers. Bamboo is a fast growing, land efficient plant with excellent properties. It is an easily harvested plantation product with incredible tensile strength.

## Excellent Qualities Looks Great

**Bamboo Ply** provides a robust lining with a surface that withstands knocks and other rough treatment. Yet the feel and look provide a marked improvement over ordinary plaster linings whilst providing excellent insulation and bracing qualities.

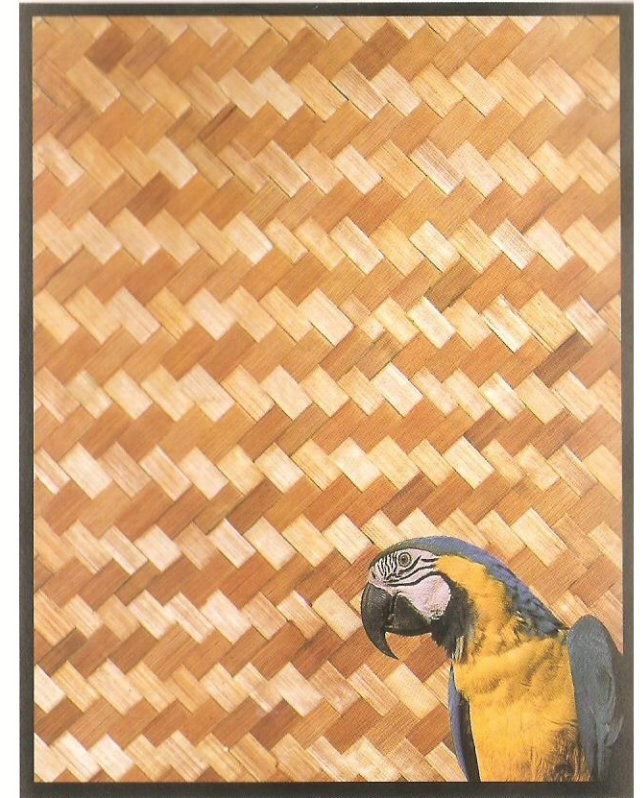

**Bamboo Ply** is also ideally suited for renovating jobs.

## Other uses

**Bamboo Ply** is excellent for:

- Walls and ceilings
- Furniture & wall units
- Screens and feature panels
- Suspended ceilings (metal grid systems)
- Kitchen cupboards
- Shelves
- Bar facings
- etc., etc., etc.....

This **Bamboo Ply** is a natural product so variations do apply which is part of the unique character of bamboo.
